

“Bringing Your Care Home”

Why is this project **IMPORTANT?**

In the 2021 Community Health Needs Assessment, Harper County residents identified several healthcare services they would like to see.

More community involvement

More awareness of healthcare

Better access to home health services

PHC has listened, as it continues to strive toward improving services to fit the needs of residents of Harper County and surrounding areas.

We believe this mobile unit will help meet these three needs identified by residents as a priority.

About the clinic:

We would like to bring services to the communities. In order to do that, we need a vehicle equipped with the following:

➤ Exam Room

with an exam table, hand washing basin, medical grade refrigerator and plenty of storage.

➤ Nurses' Station

with a blood draw chair, task desk, medical grade refrigerator and storage.

➤ Lavatory Facilities

This should have a fresh water and waste tank.

Tell me about the **TAX CREDITS**

Will 100% of my donation go to Patterson Health Center?

Yes, 100% of your donation will be utilized by PHC in the "Bringing Your Care Home" project.

Who qualifies for the tax credits?

The tax credit is for contributions made by business firms or individuals subject to Kansas income tax, Kansas privilege tax or the premium tax or privilege fees imposed on insurance companies. The minimum amount that can be donated is \$250. There is no maximum amount.

Is the tax credit refundable?

If the tax credit exceeds the tax liability of the contributor, it shall be refunded to the taxpayer. Credits must be claimed in the year they are issued.

What is the percentage of the tax credit?

The amount of the tax credit available is 70% of the total contribution amount. For example, if the donation amount is \$1,000 the donor will receive credit towards their Kansas tax of \$700.

Is the credit transferrable?

Contributing entities not subject to Kansas taxation may transfer a credit to a firm or individual that does have a Kansas tax liability.

What is the timeframe the credits are available?

PHC will be authorized to offer tax credits for qualified contributions received between the eighteen-month period of July 1, 2022, through December 31, 2023. Contributions cannot be received prior to July 1, 2022. A donor could contribute in each year and receive a credit on their 2022 and 2023 Kansas tax return. The credit must be claimed in the year it is issued.

What will the credits be used for?

PHC will use the funds in its "Bring Your Care Home" campaign. This project allows for the purchase of a mobile clinic unit.

Note: Photos do not depict actual mobile unit. It is an example of what PHC wishes for.
